

Hello Parents,

Your student has been added to my roster for a program called **Myon**. It is a digital library of thousands of books chosen just for your child's interests and reading level. The books are read to your child out loud. Your child can choose and read these books at home if they have access to a computer, I-pad or Tablet with internet. Below is the information you need to help your child log on and read books.

**The website is:** [www.myon.com](http://www.myon.com)

**School name is:** **Rocklin Reading Academy, Rocklin Unified School District**

**User name:** **child's first name (no capitals)**

**Password:** **books (no capitals)**

Once your child has logged in they will be prompted to take an assessment to determine their reading level. After, they should click on "Library," and then choose books. At the end of each book, students will take a short quiz.

The best part, is that the books on **Myon** are also **AR** books, so students can take AR quizzes at school and meet their AR goals! You can press the *info*. tab before starting a book to check the book's AR level.

School breaks and summer breaks are a great time for students to catch up on some reading, Myon offers a fun and interactive way! There is much more that the program can do, so feel free to log on with your child and explore. Again, feel free to email me with any questions.

**Claudia Alfaro - English Language Development Teacher**

**Ruhkala and Breen Elementary School**
