## Weekly Homework Sentences

### Directions

1: First have your child write 2 different sentences on the lines below. Use the alphabet chart in the homework folder to assist your child in sounding out each word. Encourage your child to write all the sounds s/he hears. Remind your child to use "two finger" spacing. The sentences can be anything they want to write. Keep it simple though!

2: After s/he writes the sentence, please write the "grown up" way under your child's writing. Read the sentence together, complimenting your child for all the sounds s/he heard and wrote.
